

DOG OCT NEWSLETTER

Welcome DOG families from Kandahar and COP DOG. We have had a number of re-enlistments here at COP ZK. Some soldiers are re-enlisting to stay at Fort Drum and DOG Company, and some soldiers are electing to go elsewhere throughout the US Army. Regardless, these soldiers re-enlisting, speaks volumes about their character and commitment to continue to serve in this time of war.

CPT Lambert re-enlisting CPL Chamberlain

1LT Koszuta re-enlists SGT McClean

There was also a Shura at the 1-32 CHOSIN Battalion FOB for the elders of DOG Company's area of operations (AO). The elders talked to LTC Mintz's "shonna", the Afghan National Army (ANA) commander in charge of 1-32 CHOSIN's AO, about security issues, and the possibility of providing the ANA with more local nationals to create local security forces to augment the ANA. We also graduated our first class of local security forces who will fight alongside both us and the ANA. This is the future for Afghanistan; locals providing their own security and a major focus of all the companies in the CHOSIN AO.

Major Overmyer and Lieutenant Ahmed of the ANA congratulate the graduates of the first DOG Company class

This month we had some soldiers attend the Carl Gustov, 84 MM recoilless rifle training. DOG Company soldiers, PFC Rosendahl and PVT Santana were the first gun team to fire this weapon while in contact from CHOSIN. This weapon, usually utilized by special operations, will have a devastating effect on the enemy in AO DOG.

PFC Rosendahl and PVT Santana before firing the 82MM and after firing the 82MM

Happy Halloween! Thank you again, for all you do back at home, we could not do this without your support-keep sending those packages!! ☺

DOGS OF WAR!
